Falcon Oil & Gas Ltd.

This Information Circular solicits Management Proxies (as defined below), voting for the resolutions as outlined herein.

Appointment and revocation of proxies

The persons named in the enclosed Management form of proxy (“**Management Proxy**”) are directors and officers of the Corporation, respectively. **Registered Shareholders (a “Registered Shareholder”) have the right to appoint a person to attend and act for him, her or its and on his, her or its behalf at the Meeting other than the persons named above. Such right may be exercised by inserting in the blank space provided the name of the person to be appointed, who need not be a Shareholder, or by completing another proper form of proxy.** In either case, as a Registered Shareholder you can choose from three different ways to vote your common shares in the Corporation (“**Common Shares**”) by Management Proxy, which must be provided so it is received not later than 11:00 a.m. (Toronto time) on Monday 8 December 2014, or if the Meeting is adjourned, at the latest 48 hours (excluding Saturdays, Sundays and holidays) before the time set for any reconvened meeting at which the Management Proxy is to be used: (a) by mail or delivery or deposited at the offices of Computershare Investor Services Inc. (“**Computershare**”), Proxy Department, 100 University Avenue, 8th Floor, Toronto, Ontario, Canada M5J 2Y1, on behalf of the Corporation; (b) by telephone (toll free) at 1-866-732-VOTE (8683) or international direct dial +312-588-4290; or (c) on the Internet at www.investorvote.com.

The persons named in the Management Proxy will vote for, withhold from voting or vote against, as the case may be, the Common Shares in respect of which he is appointed as proxy in accordance with the direction of the Shareholder appointing him. **In the event that a Shareholder does not specify in his, her or its instrument of proxy that the named Management Proxy is required to vote for, to withhold from voting or vote against, as applicable, in respect of the matters to be considered at the Meeting, the Common Shares represented by such proxy shall be voted FOR each of the matters referred to therein.**

The Management Proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the Notice and with respect to other matters which may properly come before the Meeting. At the time of printing this Information Circular, neither Management nor the directors of the Corporation (each a “**Director**” and collectively, the “**Directors**”) are aware of any amendments, variations or other matters intended to come before the Meeting other than those items of business set forth in the attached Notice. However, if any such amendment, variation or other matter properly comes before the Meeting, it is the intention of the persons named in the Management Proxy to vote on such other business in accordance with his/her judgment.

Information for beneficial holders of securities

Information set forth in this section is important to persons other than Registered Shareholders. Only Registered Shareholders, or the persons they appoint as their proxies, are permitted to attend and vote at the Meeting. However, in many cases, Common Shares beneficially owned by a non-Registered Shareholder (a “**Beneficial Shareholder**”) are registered either:

- (a) in the name of an intermediary that the Beneficial Shareholder deals with in respect of the Common Shares. Intermediaries include banks, trust companies, securities dealers or brokers, and trustees or administrators of self-administered RRSPs, RRFs, RESPs and similar plans; or
- (b) in the name of a depository (such as The Canadian Depository for Securities Limited (“**CDS**”) or Computershare Company Nominees Limited (“**CCNL**”).

In accordance with Canadian securities law, the Corporation has distributed copies of the Notice, this Information Circular and the Management Proxy (collectively, the “**Meeting Materials**”) to CDS, CCNL and intermediaries for onward distribution to Beneficial Shareholders. Intermediaries are required to forward the Meeting Materials to Beneficial Shareholders unless a Beneficial Shareholder has waived the right to receive them.

Applicable regulatory policy in Canada requires brokers and other intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholders’ meetings. Every broker or other intermediary has its own mailing procedures and provides its own return instructions, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. Beneficial Shareholders will receive either a Management voting instruction form or, less frequently, a Management Proxy. Often, the voting instruction form supplied to a Beneficial Shareholder by its broker is identical to that provided to Registered Shareholders. However, its purpose is limited to instructing the Registered Shareholder how to vote on behalf of the Beneficial Shareholder. Beneficial Shareholders should follow the procedures set out below, depending on which type of form they receive.

- (a) *Management Voting Instruction Form.* In most cases, a Beneficial Shareholder will receive, as part of the Meeting Materials, a Management voting instruction form. If the Beneficial Shareholder does not wish to attend and vote at the Meeting in person (or have another person attend and vote on the Beneficial Shareholder’s behalf), the Management voting instruction form must be completed, signed and returned in accordance with the directions on the form. If a Beneficial Shareholder wishes to attend and vote at the Meeting in person (or have another person attend and vote on the Beneficial Shareholder’s behalf), the Beneficial Shareholder must complete, sign and return the Management voting instruction form in accordance with the directions provided, together with a form of proxy giving the right to attend and vote.
- (b) *Management Proxy.* Less frequently, a Beneficial Shareholder will receive, as part of the Meeting Materials, a form of proxy that has already been signed by the intermediary (typically by a facsimile, stamped signature) which is restricted as to the number of Common Shares beneficially owned by the Beneficial Shareholder but which is otherwise uncompleted. If the Beneficial Shareholder does not wish to attend and vote at the Meeting in person (or have another person attend and vote on the Beneficial Shareholder’s behalf), the Beneficial Shareholder must complete the Management Proxy and deposit it with Computershare, Proxy Department,

100 University Avenue, 8th Floor, Toronto, Ontario, Canada M5J 2Y1, on behalf of the Corporation, so as not to arrive later than 11:00 a.m. (Toronto time) on Monday 8 December 2014. If a Beneficial Shareholder wishes to attend and vote at the Meeting in person (or have another person attend and vote on the Beneficial Shareholder's behalf), the Beneficial Shareholder must strike out the names of the persons named in the Management Proxy and insert the Beneficial Shareholder's (or such other person's) name in the blank space provided and return to Computershare as described above.

Most brokers now delegate responsibility for obtaining instructions from clients (i.e. Beneficial Shareholders) to Broadridge Financial Solutions, Inc. ("**Broadridge**"). Broadridge typically mails voting instruction forms or proxy forms, to the Beneficial Shareholders and asks Beneficial Shareholders to return the proxy forms to Broadridge. Broadridge then tabulates the results of all instructions received and provides appropriate instructions representing the voting of Common Shares to be represented at the Meeting. A Beneficial Shareholder receiving a voting instruction form or proxy form from Broadridge, cannot use that voting instruction form or proxy form to vote Common Shares directly at the Meeting. A voting instruction form or proxy form must be returned to Broadridge well in advance of the Meeting in order to have the Common Shares voted.

Although Beneficial Shareholders may not be recognised directly at the Meeting for the purposes of voting Common Shares registered in the name of their broker or other intermediary, a Beneficial Shareholder may attend at the Meeting as proxyholder for the Registered Shareholder and vote their Common Shares in that capacity. Beneficial Shareholders who wish to attend the Meeting and indirectly vote their own Common Shares as proxyholder for the Registered Shareholder should enter their own names in the blank space on the Management voting instruction form or form of proxy provided to them and return the same to their broker or other intermediary (or the agent of such broker or other intermediary) in accordance with the instructions provided by such broker, intermediary or agent well in advance of the Meeting in order to have the Common Shares voted.

CCNL Depositary interests

Holders of depositary interests (the "**Depositary Interests**") shall be invited to attend the Meeting by CCNL in its capacity as custodian for the Depositary Interests and on behalf of the Corporation. If you are a holder of Depositary Interests in the Corporation, please fill in the form of instruction (the "**Form of Instruction**") and return the completed Form of Instruction to Computershare Investor Services PLC, The Pavilions, Bridgwater Road, Bristol, BS99 6ZY, United Kingdom not less than 72 hours (excluding weekends and holidays) before the time for holding the Meeting or any adjournment thereof. The completion and return of the Form of Instruction will not preclude you from attending the Meeting and voting in person if you so wish. Should you wish to attend the meeting and/or vote at the Meeting please notify Computershare Investor Services PLC in writing at the address above or email UKALLDIteam2@computershare.co.uk. In all cases, Beneficial Shareholders should carefully follow the instructions of their intermediary, including those regarding when, where and by what means the voting instruction form or proxy form must be delivered.

Alternatively, holders of depositary interests may register their voting instruction for the Meeting electronically, by either accessing the website www.investorcentre.co.uk/eproxy, using the Control Number, PIN and Shareholder Reference Number set out on their Form of Instruction, where full details of the procedure are given. This website is operated by Computershare Investor Services plc. or by voting through the CREST system.

To give an instruction via the CREST system, CREST messages must be received by the issuer's agent (ID number 3RA50) not later than 11:00 am Dublin time on 5 December 2014. For this purposes, the time of receipt will be taken to be the time (as determined by the timestamp generated by the CREST system) from which the issuer's agent is able to retrieve the message. The Corporation may treat as invalid an appointment sent by CREST in the circumstances set out in Regulation 35(5)(a) of the Uncertificated Securities Regulations 2001.

Non-Objecting Beneficial Owners

These meeting materials are being sent to both registered and non-registered owners of the securities. If you are a non-registered owner, and the Corporation or its agent has sent these materials directly to you, your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf. By choosing to send these materials to you directly, the Corporation (and not the intermediary holding on your behalf) has assumed responsibility for (i)

Election of Directors

The articles of incorporation provide that the board of Directors (the “**Board**”) of the Corporation consist of a minimum of three (3) Directors. The number of Directors of the Corporation has previously been set at eight (8). The Board annually assesses the competence and skills of individuals and recommends nominees for election to the Board for consideration and approval. The nominees are, in the opinion of the Board, well qualified to act as Directors for the coming year. Each nominee has established his eligibility and willingness to serve as Director, if elected. Each duly elected Director will hold office until the next annual meeting of Shareholders or until a successor is duly elected, unless his or her office is earlier vacated in accordance with the articles of the Corporation.

To the knowledge of the Corporation, no Director standing for re-election or proposed Director is, or has been in the last ten (10) years, a Director or executive officer of an issuer that, while that person was acting in that capacity: (a) was the subject of a cease trade order or similar order or an order that denied the issuer access to any exemptions under Canadian securities legislation, for a period of more than 30 consecutive days; (b) was subject to an event that resulted, after that person ceased to be a Director or executive officer, in the issuer being the subject of a cease trade or similar order or an order that denied the issuer access to any exemption under Canadian securities legislation, for a period of more than 30 consecutive days; or (c) within a year of that person ceasing to act in that capacity, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets other than:

Daryl Gilbert was a director of Globel Direct, Inc. (“Globel”) which was the subject of cease trade orders issued by the Alberta Securities Commission (“ASC”) on 22 November 2002 and the British Columbia Securities Commission (“BCSC”) on 22 November 2002 for failure to file certain financial statements. Globel filed such financial statements and the cease trade orders were removed on 20 December 2002 and 23 December 2002, respectively. On 12 June 2007, Globel was granted protection from its creditors by the Court of Queen’s Bench of Alberta pursuant to the Companies’ Creditors Arrangement Act, which protection expired on 7 December 2007, following which the monitor was discharged on 12 December 2007 and a receiver/manager was appointed. Subject to the completion of matters relating to the wind-up of the administration of the receivership, the receiver was discharged on 3 September 2008. Globel has ceased operations, and as a result became the subject of cease trade orders issued by the ASC on 24 September 2008 and the BCSC on 30 September 2008 for failure to file certain disclosure documents.

Gregory Smith was a director of Sportsclick Inc. which was the subject of an order of the Supreme Court of Nova Scotia in July 2009 protecting it from proceedings by creditors pursuant to the Bankruptcy and Insolvency Act and appointed Ernst & Young Inc. as receiver. Sportsclick has recently exited from receivership upon winning a court action against a major Canadian chartered bank resulting in the bank relinquishing all claims against the company.

To the knowledge of the Corporation, in the past ten (10) years, no Director standing for re-election or proposed Director has become bankrupt, made a proposal under any legislation related to bankruptcy or insolvency, or was subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of the Director.

The following chart and brief biography of each Director standing for re-election and proposed Director sets out the names and residence location of each person proposed to be nominated for election as a Director; all other positions and offices with the Corporation; the date the person was elected as a Director; their principal occupations and their occupations for the previous five years; other directorships; committee memberships in the Corporation; and the approximate number of securities of the Corporation, beneficially owned by each Director or over which he exercises control or direction as at the Record Date. The information relating to each Director having been subject to a cease trade order or bankruptcy, and each Director’s shareholdings and biography is not known by Management. All such information was provided to the Corporation by each Director, respectively.

The persons named in the Management Proxy intend to vote FOR the election of the proposed nominees in the absence of directions to the contrary from the Shareholders appointing them. Management and the Board do not contemplate that any of the nominees will be unable to serve as a director, but if that should occur for any reason prior to the Meeting, the persons named in the Proxy reserve the right to vote for another nominee in their discretion.

Approval of the Stock Option Plan and the proposed amendments included therein

In 2004, the Shareholders approved the Corporation's stock option plan in substantially its current form (the "**Stock Option Plan**"), which is known as a "rolling plan". The Stock Option Plan requires the approval of the Shareholders each year at the annual general meeting of the Shareholders in accordance with the terms of the Stock Option Plan and TSX Venture Exchange ("**TSX-V**") Policy 4.4 – "Incentive Stock Options" ("**Policy 4.4**"). The TSX-V has conditionally approved the Stock Option Plan, subject to the Stock Option Plan Resolution (as defined below) being approved by a majority of votes cast at the Meeting by certain Shareholders. Management is seeking the approval of a majority of the votes cast at the Meeting for the Stock Option Plan Resolution.

The following is a summary of the principal terms of the Stock Option Plan, which summary is qualified by and is subject to the full terms and conditions of the Stock Option Plan. A copy of the Stock Option Plan is attached hereto as Appendix "A". Except as otherwise defined herein, capitalised terms used herein have the meanings ascribed thereto in the Stock Option Plan.

The Shareholders initially approved the Stock Option Plan on 18 November 2004 and subsequently at each annual general and special meeting of the Corporation held thereafter. Ten percent (10%) of the number of issued and outstanding Common Shares from time to time are currently reserved for issuance upon the exercise of options granted pursuant to the Stock Option Plan. As at 7 November 2014, 31,952,000 stock options are issued and outstanding.

The purpose of the Stock Option Plan is to attract, retain and motivate directors, officers, employees and consultants (collectively, the "**Participants**") by providing them with the opportunity, through stock options, to acquire a proprietary interest in the Corporation and benefit from its growth. In Management's view, the ability to grant stock options as a means of compensating Participants contributes to the Corporation's overall financial performance. As such, Management considers that the Stock Option Plan is beneficial to the Corporation as it provides the Corporation with greater flexibility to compensate eligible Participants with grants of stock options and encourage Participant ownership of the Corporation.

The options are non-assignable and may be granted for a term not exceeding five (5) years, unless the Corporation is listed on Tier 1 of the TSX-V in which case the options may be granted for a term not exceeding ten (10) years. Options may be granted under the Stock Option Plan only to Participants or to persons that have agreed to commence serving in any of the aforementioned capacities subject to the rules and regulations of applicable regulatory authorities and any Canadian stock exchange upon which the Common Shares may be listed or may trade from time to time. The number of Common Shares reserved for issue to any one person pursuant to the Stock Option Plan may not exceed five percent (5%) of the issued and outstanding Common Shares at the date of such grant or in any 12 month period. The exercise price of options issued may be issued at the market price of the Common Shares as listed on the TSX-V, subject to any discounts permitted by applicable legislative and regulatory requirements.

Amendment to Stock Option Plan

In May 2013, the TSX-V amended Policy 4.4 to allow for the automatic extension to the expiry date of a stock option governed by a stock option plan if such expiry date falls within a self-imposed "blackout period". Circumstances may arise where blackout periods may be imposed frequently and/or may be imposed for an extended period of time. As a result, certain directors, officers and key employees may find themselves unable to exercise their options if those options expire during a blackout period. To avoid such situations, which may result in directors, officers and key employees losing important incentives, the Board has determined that, in accordance with Policy 4.4, it would be advisable to provide for an automatic extension of an option term that would otherwise have expired during a blackout period or shortly thereafter.

Subject to obtaining the requisite shareholder approval and TSX-V acceptance, the Board is proposing certain amendments to the Stock Option Plan (the "**Proposed Amendments**") to provide that options expiring during a blackout period shall be automatically extended to the tenth business day after the end of a blackout period.

The details of the Proposed Amendments are set forth below:

- (1) by replacing the definition of the word "Term", as defined in the Stock Option Plan, with the following:

Falcon Oil & Gas Ltd.
Management Information Circular
For the Annual and Special Meeting of Shareholders to be held on 10 December 2014

“Term” shall mean the length of time during which a Stock Option may be exercised which shall not be greater than five years from the Date of Grant, provided that in the event that such an expiry date falls within a Blackout Period or within nine business days following the expiration of a Blackout Period, such expiry date of the Stock Option shall be automatically extended without any further act or formality to that date which is the tenth business day after the end of the Blackout Period, such tenth business day to be considered the expiry date for such option for all purposes under the Stock Option Plan provided that:

- (i) the Blackout Period must be formally imposed by the Corporation pursuant to its internal trading policies as a result of the bona fide existence of undisclosed Material Information (as defined in the TSX Venture Exchange Corporate Finance manual). For greater certainty, in the absence of the Corporation formally imposing a Blackout Period, the expiry date of any Stock Option will not be automatically extended in any circumstances;
- (ii) the Blackout Period must expire upon the general disclosure of the undisclosed Material Information and the expiry date of the Stock Option can be extended to no later than ten (10) business days after the expiry of the Blackout Period; and
- (iii) the automatic extension of an Optionee’s Stock Option will not be permitted where the Optionee or the Corporation is subject to a cease trade order (or similar order under Securities Laws) (as defined in the TSX Venture Exchange Corporate Finance manual) in respect of the Corporation’s securities;

- (2) by adding the definition of “Blackout Period” to the Stock Option Plan as follows:

“**Blackout Period**” shall mean the period during which an Optionee is prohibited from exercising an option due to trading restrictions imposed by the Corporation pursuant to the internal trading policies of the Corporation respecting restrictions on trading that is in effect at that time.

- (3) by replacing subsection 6.1.8 of the Stock Option Plan, with the following:

6.1.8 Each Award shall specify the Term of the Stock Option which Term, subject to the extension provided for within the definition of the word “Term” herein, shall not be greater than five years from the Date of Grant;

The Shareholders will be requested at the Meeting to pass the following resolution (the “**Stock Option Plan Resolution**”), without variation:

“IT IS HEREBY RESOLVED, THAT:

1. the Stock Option Plan and the Proposed Amendments contained therein as set forth in Appendix “A” to the Information Circular of the Corporation dated 7 November 2014 and the grant of stock options pursuant to such Stock Option Plan is hereby authorised; and

2. any Director or officer of the Corporation is hereby authorised for, on behalf of, and in the name of the Corporation to do and perform or cause to be done or performed all such things, to take or cause to be taken all such actions, to execute and deliver or cause to be executed and delivered all such agreements, documents and instruments, contemplated by, necessary or desirable in connection with the Stock Option Plan and the foregoing resolutions, as may be required from time to time and contemplated and required in connection therewith, or as such Director or officer in his or her discretion may consider necessary, advisable or appropriate in order to give effect to the intent and purposes of the foregoing resolutions, and the doing of such things, the taking of such actions and the execution of such agreements, documents and instruments shall be conclusive evidence that the same have been authorised and approved hereby.”

The persons named in the Management Proxy intend to vote FOR the approval of the Stock Option Plan in the absence of directions to the contrary from the Shareholders appointing them.

Executive Compensation

For purposes of this Information Circular, “named executive officer” of the Corporation means an individual who, at any time during the year, was (each a “**Named Executive Officer**”):

- (c) the Corporation’s chief executive officer (“**CEO**”);
- (d) the Corporation’s chief financial officer (“**CFO**”);
- (e) each of the Corporation’s three most highly compensated executive officers, or the three most highly compensated individuals acting in a similar capacity, other than the CEO and CFO, at the end of the most recently completed financial year and whose total compensation was, individually, more than Canadian (“**CDN**”) \$150,000 for that financial year; and
- (f) each individual who would be a Named Executive Officer under paragraph (c) but for the fact that the individual was neither an executive officer of the Corporation, nor acting in a similar capacity, at the end of the most recently completed financial year.

Based on the foregoing definition, during the last completed financial year of the Corporation, there were three Named Executive Officers.

Compensation Discussion and Analysis

In assessing the compensation of its executive officers, the Corporation does not have in place any formal objectives, criteria or analysis; instead, it relies mainly on Board discussion, with input from and upon the recommendations of the Compensation Committee. The Compensation Committee is comprised of John Craven, JoAchim Conrad and Igor Akhmerov. The Group also has a “nomination committee”.

The Corporation’s executive compensation program has the following principal components: base salary, pension contribution, company healthcare plan, incentive bonus plan and stock options.

Base salaries, pension contributions and participation in the company healthcare plan for all employees of the Corporation are established for each position through comparative salary surveys of similar type and size companies. Both individual and corporate performances are also taken into account.

Incentive bonuses, in the form of cash payments, are designed to add a variable component of compensation based on corporate and individual performances for executive officers and employees. Bonuses were paid based on the average increase in the weighted market capitalisation of the company during the most recently completed financial year in reference to the anniversary of the commencement date of a particular employee.

Stock options are granted to provide an incentive to the Participants to achieve the longer-term objectives of the Corporation; to give suitable recognition to the ability and industry of such persons who contribute materially to the success of the Corporation; and to attract and retain persons of experience and ability, by providing them with the opportunity to acquire an increased proprietary interest in the Corporation. The Corporation awards stock options to the Participants based upon the recommendation of the Compensation Committee, which recommendation is based upon the Committee’s review of a proposal from the CEO. Previous grants of incentive stock options are taken into account when considering new grants.

Implementation of a new incentive stock option plan and amendments to the Stock Option Plan are the responsibility of the Compensation Committee.

The Corporation has no other forms of compensation, although payments may be made from time to time to individuals or companies they control for the provision of consulting services. Such consulting services are paid for by the Corporation at competitive industry rates for work of a similar nature by reputable arm’s length services providers.
